AGN. NO. _____

MOTION BY SUPERVISOR DON KNABE

October 1, 2002

Lantern of the East is an art movement initiated 10 years ago to rejuvenate the contemporary art scene with an emphasis on the spiritual world. This movement that advocates turning our attention to the Eastern way of thinking has been gradually gaining support.

During the 10th International Art Festival The East of the Lantern will bring together an exhibit of artwork by 130 artists from 28 countries with exhibits and workshops held in three different locations: Japanese American Community Center, the Art Gallery, California State University of Los Angeles Campus and at the Angeles Gate Cultural Center Gallery in San Pedro.

I, THEREFORE, MOVE that the Board of Supervisors declare the month of October 2002 as Lantern of the East month and urge all residents to participate in the festivities.
