

SYN. NO. _____

AGN. NO. _____

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

OCTOBER 1, 2002

The County of Los Angeles owns five general aviation airports that are operated and maintained under contract with American Airports Corporation. Although these airports are utilized primarily for recreational and business aviation operations, they are readily available to accommodate emergency operations during disasters.

As part of the U.S. Forest Service's efforts to battle the Williams Canyon Fire, they are utilizing the County's Brackett Field as a base for helicopter operations to fight the fire.

The Williams Canyon Fire was declared a local emergency by the County of Los Angeles on September 25, 2002.

I, THEREFORE, MOVE because of the declared local emergency that the Board of Supervisors direct the Department of Public Works in cooperation with American Airports Corporation to provide an operational area at Brackett Field at no cost to the U.S. Forest Service, including waiving any fuel flowage fees associated with self fueling.
