AGN. NO.

MOTION BY SUPERVISOR ZEV YAROSLAVSKY

October 1, 2002

RELATES TO ITEM NO. 88

IHSS (In-Home Supportive Services) workers are currently eligible for County-sponsored health insurance, but only if they work 112 hours per month. It may be cost-effective both for IHSS workers and the County to increase the number of IHSS workers who qualify for health insurance by reducing the eligibility threshold from 112 to 80 hours per month.

I, THEREFORE, MOVE that the CAO report back in two weeks on the cost-effectiveness of reducing the eligibility threshold for health insurance for IHSS workers from 112 to 80 hours per month.
