Dear Supervisors:

**LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, ANTELOPE VALLEY
AVENUE J AT FOXTRON AVENUE WATER MAIN RELOCATION AGREEMENT
SUPERVISORIAL DISTRICT 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

As the governing body of the Los Angeles County Waterworks District No. 40, Antelope Valley:

1. Find that this project is categorically exempt under Class 2(c) of the environmental guidelines approved by your Board.
2. Approve the enclosed Agreement between the City of Lancaster and the Los Angeles County Waterworks District No. 40, Antelope Valley, to relocate and reconnect water mains and appurtenant structures in Avenue J at Foxtron Avenue to accommodate the City of Lancaster's storm drain construction.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

To accommodate the construction of a City storm drain in Avenue J, the District must relocate and reconnect water mains and appurtenant structures in Avenue J. The District's water mains were originally constructed in the City's street right of way. At the request of the District, the City of Lancaster has agreed to design and relocate the District's water mains as part of their storm drain construction contract. This will allow the project to be completed in the most cost-effective manner possible.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility since having the City of Lancaster include the water main relocation work with their storm drain contract will save the District an estimated \$120,000.

FISCAL IMPACT/FINANCING

This action will have no impact on the County's General Fund.

This project has an estimated cost of \$170,000. There are sufficient funds available in the District's Accumulative Capital Outlay Fund to finance this project.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This Agreement was executed by the City of Lancaster on January 28, 2003. The Agreement has been reviewed by County Counsel and approved as to form.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt under Class 2(c) of the California Environmental Quality Act guidelines approved by your Board.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no negative impact on current County services or projects during the performance of the recommended services.
