3. Instruct the Auditor-Controller to deposit the net proceeds into the Asset Development Implementation Fund.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to offer at public auction County-owned real property considered surplus to the present and future needs of the County and the City of Industry. The construction of Perez Place in and across this County property provided access to the Department of Parks and Recreation maintenance facility on the westerly side of the 605 Freeway. Upon dedication of this portion of Perez Place as a public road, the Department of Parks and Recreation determined the property to be surplus to its needs.

FISCAL IMPACT/FINANCING

It has been determined by an independent appraisal firm and confirmed by the staff of the CAO that the property has a fair market minimum bid value of \$143,000. The property will be sold for all cash payable at the time of the auction.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This property, as shown on the attached map was originally deeded by the State Department of Transportation to the County in conjunction with the construction of the 605 Freeway subject to a 24-foot-wide road easement to the County Flood Control District.

In 1985, this road easement area was improved as a 60-foot-wide paved street by the County as a continuation of Perez Place to provide access to the County Parks and Recreation Maintenance Yard facility and to those privately owned properties located on the westerly side of the freeway.

This portion of Perez Place was recorded as an easement for public road and highway purposes to the City of Industry on December 24, 2002.

This road widening resulted in two vacant, irregularly shaped triangular severance parcels containing approximately 12,085 and 4,406 square feet respectively.

The City of Industry has indicated that sale of this property conforms with the City's General Plan in accordance with Government Code Section 65402.

The sale of this property by the County is authorized by California Government Code Section 25520 to 25538 inclusive.

County Counsel has reviewed this proposed transaction and approved all documents as to form.

ENVIRONMENTAL DOCUMENTATION

The recommended action is categorically exempt under Class 12 of the State CEQA Guidelines and the revised Environmental Document Reporting Procedures and Guidelines adopted by your Board.

IMPACT ON CURRENT SERVICES

The sale of this property will have no impact on current County services since the existing street has been dedicated for continued public access to those properties on the westerly side of the 605 Freeway.
